Dear Ms. Denny:

I am enclosing a copy of the one paper I did not have an extra copy of this morning, and that I did not leave with you earlier today.

In addition to the charge of Obstruction of Justice by the removal of court documents, I have not yet gone into the conspiracies between parties that have lead to my claim of extortion, etc.

I hope that your attorneys authorize the immediate further investigation into this matter. I am available to present further information.

On behalf of the Civil Rights of the Citizens of this great nation, I thank you for meeting with me.

Yours truly,
